ANTI-BULLYING CAMPAIGN

YLA chapters have a unique opportunity to prevent bullying in their schools. There are many ways for chapters to bring awareness to their Anti-Bullying Campaign, here are two ideas to begin their project.

Bullying Prevention Film

- YLA members can get creative by designing a film to spread awareness of bullying.
- Members can create their own skits or they can find inspiration from videos online.
- Some great ways to display this video: YLA social media pages, the school news show, or ask homeroom teachers to play the film.

Posters/Flyers

- During the meeting, members can make posters to hang around the school to prevent bullying.
- These posters can include bullying statistics and promoting kindness and compassion.

CONCLUSION:

04

Encourage members to uphold good character and positively impact their environment.
